What Zam-Buk® Ointment is used for

For the temporary relief of pain and itch associated with minor wounds, burns, scalds, chapped hands, mosquitos and insect bites.

How Zam-Buk® Ointment works

Topical analgesic / counter-irritant.

Before you use Zam-Buk® Ointment

- When you must not use it

Hypersensitivity to any of the ingredients.

- Before you start use it

It is dangerous to place any camphor containing product into the nostril of children. A small amount applied this way may cause immediate collapse.

- Taking other medicines

Not known.

How to use Zam-Buk® Ointment

- How much to use

Apply gently at the affected area.
Covering with sterile gauze is optional.

- When to use it

Use whenever needed.

- How long to use it

Cease to use once the pain & itch sensation stops.

- If you forget to use it

Not applicable.

- If you use too much (overdose)

In case of poisoning due to accidental ingestion of the preparation, symptoms

affecting the gastrointestinal system, nervous system and respiratory system may occur such as nausea, vomiting, central nervous system and respiratory depression and convulsions.

Discontinue the use of the preparation and seek the care of a physician immediately.

While you are using it

- Things you must do

The importance in cleanliness cannot be over-emphasised. The presence of dirt, germs or other contaminations not only retards healing but actually increases irritations of any inflamed surface. Always replace the lid immediately after using Zam-Buk® Ointment.

- Things you must not do

Avoid direct application into the nostrils.

- Things to be careful of

Can cause convulsion.

Contraindicated in infants below 2 years of age. Caution must be exercised when older children are treated.

Side effects

Occasional hypersensitivity and irritant skin reactions.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring by visiting the website npra.gov.my [Consumers -> Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)]

Storage and Disposal of Zam-Buk® Ointment

- Storage

Store below 30°C.
Keep out of reach of children.
Jauhi daripada kanak-kanak.

- Disposal

Medicines should not be disposed of via wastewater or household waste. Ask your pharmacist how to dispose of medicines no longer required. These measures will help to protect the environment.
